

YMCA of NWLA
Application for Financial Assistance

Please fill out the following information and attach the necessary documents (photocopies only).
Please print. All information will be kept confidential.

All YMCA members receive the same membership benefits, regardless of whether or not they are receiving assistance. YMCA members can feel great knowing that they are involved in an organization that cares greatly for the health and well being of people. We are committed to promoting our core values of caring, honesty, respect and responsibility. Financial assistance is based on ability to pay. It is our policy that no person be denied membership or program participation by reason of inability to pay fees. Our annual campaign provides the funding for our Y Cares financial assistance program. To be considered for assistance, applicants must provide proof of financial status. We utilize a scale based on annual income and household size to determine the amount of assistance one receives. **You must attach a copy of last year's tax return (1040 form), a copy of your two most recent pay stubs and/or your SSI allocation statement to verify your household's annual earnings. Your application will not be considered without these forms.** The YMCA also requires that individuals supply additional information and reapply for assistance when requested to do so.
